Sale Requirements

Parking: All estate sales are required to obtain approval of a parking plan at least five business days prior to the date of the sale.

At a minimum, all sales must post the appropriate "no parking" signs as provided in the attached ordinance. Signs are available from the Frontenac Police Department.

Sales being held on narrow streets, cul-de-sacs, etc. may require additional signage or remote parking with shuttle service provided. If congestion occurs the police will limit the number of cars onto the street and in some cases, close the sale. If you believe parking may be a problem, you should arrange for shuttle service.

Signage: Please note under Frontenac Ordinance, no signage is permitted other than on the property where the sale is being conducted.
