Re: Resolution Request - DOJ / MO DPS LLEBG Grant

---

I would like to request a resolution authorizing the purchase of (17) first responder kits that include gas mask, filters, and carrier.

The gas masks offer protection from chemical, biological, nuclear, and radiological agents that officers may face when responding to such calls as a civil disturbance, hazardous material spill, or terrorism incident. Our current masks have been in service since 2003, and some are having issues with the speaker system making it difficult for officers to communicate and some are beginning to show signs of deterioration that could result in a failure to seal properly.

The first responder kits are not a budgeted expense; however, the police department was awarded a Local Law Enforcement Block Grant from the Department of Justice through the MO Department of Public Safety for \$9,940.75 to reimburse the cost of the (17) kits.

We received the following price quotes per kit in preparation of our grant application:

Ed Roehr Safety Products	\$584.75
Safeware	\$573.25
Botach	\$655.00

We would like to accept the quote from Ed Roehr Safety Products that was used as the cost basis in our grant application because the company is a local vendor that will come to our department to size each officer for their gas mask.

The total cost for the (17) first responder kits:

C50 APR System First Responder Kit (17)	\$9,940.75
DOJ / MO DPS LLEBG Awarded Reimbursement	-\$9,940.75
Total Cost after LLEBG Grant Funds are Applied	\$0
