Annual Alarm Monitoring Charge:

- \$75 and billed in January
- \$25 late fee if not paid within 30 days of billing

This charge is only for residents who have their alarms directly monitored by the City. You will still be required to pay Hackett Security's \$48 annual fee. Also, residents with two or more years of unpaid annual alarm monitoring charges are subject to disconnection.

False Alarm Charges: Under the new plan residents will have greater leniency with false alarms. The new charges are:

- First four (4) false alarms per month are free;
- Subsequent false alarm(s) per month will be charged \$25 per alarm
- You will be subject to disconnection if you have six (6) or more false alarms per month or eight (8) or more false alarms per year.
