

Proposition A – Protecting the Safety and Welfare of Frontenac Residents Voting on August 3rd

Quality police, fire and emergency medical services (EMS) are the most critical services cities provide, as these services mean life or death for families and loved ones. Certainly, a first-class city like Frontenac provides a lot more than that, but when it comes down to what residents' value most – it's public safety.

On August 3rd, Frontenac residents will vote on Proposition A, which includes increased costs associated with operating a local police department, local fire department, building and public works department, as well as other services for the health, safety and welfare of citizens of Frontenac.
